Hi Kehau –

Thanks for the heads up. I was surprised when I received your message. I must admit that I did not review the draft PA before it was sent out and thought it was the same as what we had discussed in our prior meetings. My apologies. I spent some time this afternoon comparing the draft PA that was sent out with what we had agreed on earlier. The major difference that I found was the omission of the stipulation regarding fieldwork within the area of greatest potential for resources (Nuuanu Stream to Ala Moana Center). This was an inadvertent omission and has since been re-inserted in the PA that will be presented at the July 28<sup>th</sup> meeting. I did also note a general reorganization of the sections regarding amending the agreement and general provisions. If you can tell me what other stipulations were not included or if the provisions are not what you anticipated, I will revise.

We will be revising the PA as we receive preliminary comments until Monday. The version of the PA that will be presented at the July 28<sup>th</sup> meeting will clearly show what has been added/deleted.

I realize that we are really asking a lot of you, but if the task force members would like to meet prior to the Tuesday meeting, I and Stephanie Foell would be willing to meet any day (weekends included), any time, any place. Just let us know. We could then incorporate any suggested changes into the July 28<sup>th</sup> revised PA.

Again, my sincerest apologies. I should have been more careful in reviewing the PA before it was sent out.

Faith

Aloha no e Faith,

Kawika had already sent the task force folks the invite. Mahalo for making sure we all got the word.

I hope you can understand why we'll come into that meeting in opposition to the draft PA. In short, it pretty much ignores the many, many hours of consultation we all invested in. We were all very disappointed to see that what our group collectively worked toward didn't seem to pan out in the latest version. It kind of seems like an attorney (without any knowledge of or interest in our consultations) got to the document and overhauled it as he/she saw fit.

-- Just a little heads up as a personal courtesy since I know that you've entered into our discussions with good intentions. --Didn't want you to be totally blindsided by our comments.

Me ke aloha pumehana,  
Kehau

Hi Kehau –

In case you have not seen this yet, transmitting a copy of the invitation to the July 28<sup>th</sup> meeting regarding the Programmatic Agreement.

If you have any preliminary comments on the PA, please pass them on to me. Thanks.
